You can be involved
in **DaWetRest** and
wetland restoration!

... through local stakeholder meetings, a Danube-Black Sea Lighthouse Community of Practice, citizen science, a Digital Portal, and trainings.

Innovative Actions in the Lower Danube sites:

- Piloting a ponton power generator for renewable energy
- Linking isolated floodplains using automated operation of locks integrated with a monitoring system
- Piloting a mobile measuring station and a river drone
- Developing strategies for wetland improvement in sibling sites
- Providing data to the DaWetRest Digital Portal
