PART OF THE

EU MISSIONS

RESTORE OUR OCEAN & WATERS

You can be involved
in **DaWetRest** and
wetland restoration!

... through local stakeholder
meetings, a Danube-Black Sea
Lighthouse Community of
Practice, citizen science, a
Digital Portal, and trainings.

Innovative Actions in the Middle Danube sites:

- Development of business models based on the wetland's resource potential
- Construction of a Green Hatchery concept to increase the ecosystem's resilience and biodiversity
- Development of a digital portal as a tool to inform citizens and allowing engagement in the community
